Andrea Sachs takes the job, even though her dream job is an Editor position for the New Yorker Magazine, with the promise of getting said dream job much easier after devoting a year of her life to Miranda Priestly (the She- Devil).. The Devil Wears Prada has 591,449 ratings and 7,229 reviews Darth J said: 3 5 starsIn Defense of Miranda PriestlyThe premise of this novel as most kn.

Andrea, instead, distances herself from the fashionistas, makes futile spiteful jabs at Miranda and Co.. The premise to the book is that a young woman takes a Junior Assistant position at a high- fashion magazine and the She- Devil who runs the show.. If you've seen the movie, dont' think you know the book Meryl Streep is overly demanding, despicable, and down- right evil to snarky, quirky Anne Hathaway.. She doesn't become the trendy girl (not until she's far from the scene) but does lose her identity by placing the needs of a neurotic insomniac before herself, her friends, and her family.

Andrea lives with her boyfriend, and has a small group of friends, one of which happens to be a black girl we could assume is Lily.. God have mercy, I finally finished this horrific book!Honestly, it wasn't so bad, just tedious and repetitive.. The Devil Wears Prada (The Devil Wears Prada, #1) by Lauren Weisberger вЂ” Reviews, Discussion, Bookclubs, Lists.. No infringement intended AUTHOR'S NOTE: This is a sequel to 'The Devil Wears Prada,' A Boss, Not A B*tch: Why Women In the Workplace Get A Bad Rep.. var q = 'the+devil+wears+prada+dress+up+game';DISCLAIMER: The Devil Wears Prada and its characters belong to Lauren Weisberger and 20th Century Fox. Eventually Anne's character loses her fashion victim status and transforms into one of her dreaded Clackers.. I picked it because (a) the movie was coming out and (b) I recognized the title as a popular book, albeit a couple years ago.. Let's do a short list of comparisons, shall we? The book Andrea has a steady boyfriend Ales, and lives with her best friend from childhood, Lily Takes the job because it's the only magazine in New York that offered an interview Puts her personal life on hold to be the beck- and- call girl for a Bitch Meets a hot writer who is totally jonesing for her and offers her several opportunities to, ahem improve her social standing She kinda ignores her failing love life and her best friend's alcohol addiction until it's too late to reverse either Goes to Paris with Miranda because the Sr.. One year is all it'll take to bypass several years of grovelling, or so she is led to believe.. But the year is spent instead in the most belittling, degrading and de- humanizing environment that, frankly, pissed me off more than the main character. The movie had the same premise, but that's practically where the similarities end.. The book delves into her relationships on a completely differnt level (actually the movie doesn't even touch them).. She reaches a point where she understands Meryl's character - - even sympathizes but makes a break when enough's enough.. Assistant gets Mono When is Paris she gets the call

that her best friend's drinking caused a terrible accident and she must come home Finally has her fill and tells Miranda off, then gets fired Kinda blah ending in which she gets freelance work and gets to waltz back into the Runway office for a potential writing assignment The movie. b0d43de27c [Bratz Rock Angelz Game Download Mac](#)
